

**THE TOOLKIT
FOR A CONFIDENT STEP
INTO ADULTHOOD**

Elena Dorigato

AN EDUCATION SYSTEM DISCONNECTED FROM REALITY

After the pandemic, the percentage of **NEET** is significantly growing due to:

- **Lack of guidance** for university choice, work opportunities and bureaucracy
- Lack of **necessary practical knowledge**

Percentage of NEET in Europe in 2021 (source: ISTAT)

Shaping the SKILLS of TOMORROW

a **digital platform**
with simulated **experiences**
and personalized AI

which aims to an
efficient comprehension of the
necessary competences for adult life

The project **PILLARS**

1

SELF DISCOVERY & ORIENTEERING

Support students in discovering the **most suitable path** for them

2

FINANCIAL EDUCATION AND ECONOMIC INDEPENDENCE

Provide tools for personal **financial survival**

3

DOMESTIC AUTONOMY

Prepare people to live **independently**

Beyond the **BASICS**

INTERNATIONAL AND GLOBAL MOBILITY

Open doors to opportunities
beyond borders

AI & SOFT SKILLS

Train citizens to understand
and manage
the most common
bureaucratic procedures

AI supporting YOUTH AUTONOMY

Aptitude assessments and **suggestions**
for both university students and workers

Virtual assistant
for documents, deadlines and forms

Adaptive engine with **personalized advice**
based on the user's profile and progress

Hypothetical project launch plan

SOCIAL IMPACT

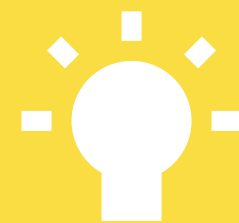

A **bridge** from Agenda 2030
to tomorrow's **equality**

GOAL 4
QUALITY EDUCATION

GOAL 8
**DECENT WORK AND
ECONOMIC GROWTH**

GOAL 10
REDUCED INEQUALITIES

**FUTURO
PRONTO**
